**Description of New Fee or Explanation of Fee Change**

Ordinance 2 establishes standards for disposal of solid waste and the operation of solid waste facilities in the county, in accordance with Minn. Stat. § 473.811. Current fee has been in place since 1983. The facility fee is being adjusted to cover actual cost of licensing, monthly inspections, reviews, and enforcement action. This facility license fee is in alignment with other metro counties.

**Additional Information**

The fee is applied by facility.

-----------------------	---------	---------	----------	----------	----------	-------------	---------

**Description of New Fee or Explanation of Fee Change**

Licensed garbage haulers who deliver waste to the Brooklyn Park Transfer Station or HERC pay a tipping fee that is based on the weight of the garbage multiplied by the applicable rate. The county charges haulers one of two rates: (1) the gate rate tipping fee established through the budget process or (2) the contract rate set by the waste delivery agreement between the hauler and the county. The gate rate tipping fee is charged to haulers who have not entered into a waste delivery agreement with the county.

The current gate tipping fee of \$105 per ton is being adjusted to \$150 per ton to account for inflation, cost of waste disposal and transportation, and reflect the changes in the contract rate, which is subject to board approval of the waste delivery agreements later in 2025.

**Additional Information**

The fee is applied to haulers without a Waste Delivery Agreement on a per ton basis.

---	--------	--------	--------	--------	--------	--------	-------

**Description of New Fee or Explanation of Fee Change**

In 1995, the county established Ordinance 18 to provided funding for waste management programs, including waste prevention, recycling, composting and other preferable waste management activities. The rate is set by fee hearing and is applied at the market value of taxable property in the county. The rate has been set at \$0 since 2009.

**Description of New Fee or Explanation of Fee Change**

Ordinance 7 establishes rules, regulations, and standards for hazardous waste management in the county, in accordance with Minn. Stat. § 473.811 subd. 5b. and allows for the collection of fees to administer the ordinance. The current population of licensed generators is approximately 5,100 with 61% of those generators subject to annual license fees. Small and large quantity generators pay a base fee as well as a fee on each pound of billable waste they generate. We are proposing a 5% increase in 2026 to adjust for the costs to administer the ordinance. To illustrate the impact of a 5% increase for the range of businesses licensed - a small auto repair shop would see an increase of \$4 to a \$76 annual license fee, a medium-sized heavy equipment dealer would see an increase of \$30 to a \$630 license fee and for one of the largest generators –a packaging manufacturer would increase \$446 to a \$9,377 license fee.

**Additional Information**

The fee applies to commercial hazardous waste generators with a base rate and fee on each pound of hazardous waste they generate. The shipped waste rate applies to hazardous wastes that are shipped off-site for disposal and hazardous wastes that are discharged to the sanitary sewer without treatment. Hazardous wastes that are treated on-site prior to discharge to the sanitary sewer, hazardous wastes that are managed for reuse in a secondary industrial process and pharmaceuticals that are legitimately returned to a reverse distributor, are billed at the sewer waste rate.

**Description of New Fee or Explanation of Fee Change**

The county charges penalty fees to waste haulers for unacceptable items found in trash when delivered to the Brooklyn Park Transfer Station or HERC. The list of unacceptable items is published in the county's Solid Waste System Operating Manual and includes items banned from disposal in the trash because they are problematic to operations and may create a safety concern. The county proposes adjusting the fees to create a greater incentive for haulers to properly handle these items at the collection point and provide more appropriate disposal of these materials.

**Description of New Fee or Explanation of Fee Change**

Last fee increase was in 2016 – since then, inflation has risen almost 30%, and law enforcement salaries have recently exceeded that rise. Additionally, many of our fees are paid by law firms, businesses, and agencies rather than county residents.

**Additional Information**

Charged per service (includes 3 attempts), fee due upon HCSO's receipt of documents.

Writ of Recovery & Lockout	\$125.00	\$125.00	\$125.00	\$125.00	\$200.00	\$218,800.00	0.00%
----------------------------	----------	----------	----------	----------	----------	--------------	-------

**Description of New Fee or Explanation of Fee Change**

Right now our fee for a deputy's time is \$100 per hour, per deputy. Each lockout requires two deputies and sometimes takes over an hour depending on the situation. We propose increasing the fee from \$125 to \$200 to factor in the increasingly difficult evictions our deputies handle.

**Additional Information**

Charged to landlords per eviction is NOT per person. One eviction will lockout all individuals residing on property. Fee includes posting of Writ and scheduled lockout.

Civil Standby/Deputy Time	\$100.00	\$100.00	\$100.00	\$100.00	\$125.00	\$4,625.00	0.00%
---------------------------	----------	----------	----------	----------	----------	------------	-------

**Description of New Fee or Explanation of Fee Change**

Law enforcement salaries have exceeded the rate of inflation.

**Additional Information**

Charged per hour with a 1 hour minimum, 4 hour maximum based on how long civil standby takes. Deputy time can be charged in other instances, but mostly civil standbys.

**Description of New Fee or Explanation of Fee Change**

Our current fee for returned (bounced) checks is \$20 and the County charges \$30. We propose updating that to the same amount Hennepin County charges.

**Additional Information**

Will be charged each time a check is bounced due to NSF.

**Description of New Fee or Explanation of Fee Change**

Currently writ of execution processing fees are split between a levy fee and debtor mailing fee (for wage levies), we propose eliminating the debtor mailing fee (currently \$10) and increasing the levy fee for all types of levies. As far as we know, these fees have never been increased and are needed to pay for labor costs to review papers and create documents.

**Additional Information**

If funds are collected pursuant to the writ of execution, the judgment debtor pays these fees.

**Description of New Fee or Explanation of Fee Change**

We suggest a new fee process for sales. Currently, we charge differing amounts based on the type of sale – mortgage foreclosure sales are \$75, lien/UCC sales are \$85, and judgment and decree sales are \$110. Moving forward, we propose a base \$110 for conducting a sale. For a mortgage foreclosure sale that occurs in our office, we will charge the base \$110.

**Additional Information**

Document Replacement Fee	\$0.00	\$0.00	\$0.00	\$0.00	\$20.00	\$0.00	0.00%

**Description of New Fee or Explanation of Fee Change**

This \$20 fee is not intended to raise revenue, but rather to act as a deterrent. This fee would be charged with some discretion on a case-by-case basis. We receive numerous requests every week from law firms who have misplaced an affidavit mailed or emailed to them months previously. For them, it is easier to request the Sheriff's Office send a replacement affidavit than search for the original copy or keep better track of the copies they receive in the first place.

**Additional Information**

We propose requiring a written request for the replacement document with a check to prepay the fee. If it's something they truly need, it is a small price to pay and we receive compensation for time spent redoing something we had completed long before. If it is not worth their while to send a request with a check, then we don't waste our time on something unimportant.

Processing Fee	\$0.00	\$0.00	\$0.00	\$0.00	\$50.00	\$0.00	0.00%
----------------	--------	--------	--------	--------	---------	--------	-------

**Description of New Fee or Explanation of Fee Change**

Thus far, our position has been not to provide refunds once a paper is received and entered, even if no service attempts have yet been made. However, if our proposed increase to the service fee is granted, we would like to suggest a new processing fee to provide a refund option. If a customer pays the \$100 fee but for some reason needs to cancel the service before deputies have made any attempts to serve the paperwork, we will refund half of that fee (\$50) but retain the other \$50 as labor costs for the data entry. Anoka and Washington Counties both charge a similar processing fee of \$40 and \$35, respectively.

**Additional Information**

This would apply to each cancelled service request.

The 3D printer/scanner purchased in 2025 is used to create replica anatomic specimens in lieu of retaining the actual specimen. This process can be applied to referral autopsy and anthropology casework. Fees are structured to recover county costs. Based on material costs and unit depreciation a flat fee of \$250 per specimen is recommended.

**Additional Information**

This fee would be applied when referring counties submit a case for either forensic autopsy or anthropology services, and request a 3D printed specimen to be created. This would typically occur in cases of homicide involving traumatic injuries of the bone (i.e. skull) where a replica model is useful in a criminal court proceedings. The fee would apply to each specimen printed. The type and number of prints would be agreed to print to production.

**Description of New Fee or Explanation of Fee Change**

The Department of Community Corrections and Rehabilitation (DOCCR) is proposing to eliminate the One-Day DWI Program (DWIP) fee in 2026. In 2025, with collaboration of the Minnesota 4th Judicial District Court and Behavioral Health, the DWIP program has transitioned into an early intervention Screening, Brief Intervention, and Referral to Treatment (SBIRT) approach which will identify individuals with substance use disorders as well as those who are at risk of developing a disorder earlier. SBIRT is widely accepted and preferred assessment by the Substance Abuse and Mental health Services Administration (SAMHSA). SBIRT is also a Mn Health Care Program (MHCP) covered service (see link below for additional information). Hence, DOCCR proposes sunsetting the One-Day DWI program.

The current fee schedule has been in place officially since at least 2012 and most likely prior to then. The recent IT rates have increased and the B&W per click charge that the library pays is \$0.12/page therefore the current schedule has exceeded sustainability. This would also affect B&W photocopying made by HCL for the 4-state region for each page over \$0.20.

**Additional Information**

This fee will be applied to each printed or copied page of paper. Under the current \$5 credit of library paid printing and copying per patron per week, this would allow the patron to print up to 25 pages using their credit, then the patron will be charged \$0.20/page for each page printed after the credit limit has been reached.

**Schedule VII**  
**Continuation of County Policy Specifying a County Contribution**  
**Toward Health Plan Premium for Eligible "Early" Retirees**

One of the forms of recognition, originally established by the Hennepin County Board of Commissioners in 1967 and most recently amended in 1996, has been the policy to contribute toward the health plan premium of "early" retirees meeting one of three specified requirements noted below.

There is a need, under Minnesota law, to confirm funding for the county's continued contribution to eligible retirees' health plan premiums, for at least the length of the current budgetary cycle.

Modification regarding application of eligibility requirements for Category: Disabled Employee was adopted on October 4, 2016 per Board Action Request 16-0346. This supersedes all earlier revisions and actions to the Early Retiree Health Insurance Program (ERHIP).

**CATEGORY: Early Retirees (under age 65)**

This category is also known as the Early Retiree Health Insurance Program (ERHIP).

**Eligibility**

You must be under age 65 and:

- A non-organized regular employee\*: hired or rehired on or before January 1, 2007 with no break in regular service **OR**
- An organized regular employee\*: hired or rehired on or before January 1, 2008 with no break in regular service and did not opt-out of early retiree health coverage **OR**
- An unclassified employee including elected officials hired or rehired on or before January 1, 2007 with no break in regular service

You must also meet one of the three requirements listed below based on your most recent hire or rehire date.

**Requirement 1**

You qualify if you have enough years of full-time equivalent county service at the following ages:

- 20 years of service when you are at least age 55
- 15 years of service when you are at least age 62 but less than 63
- 14 years of service when you are at least age 63 but less than 64
- 13 years of service when you are least age 64 but less than 65

**Requirement 2**

You must qualify and apply for a full, unreduced retirement annuity (other than a deferred annuity) from an approved public retirement program such as PERA, based on at least 10 years of Hennepin County employment. Example: PERA Rule of 90.

**Requirement 3**

You must qualify and apply for a retirement annuity (other than a deferred annuity), based on at least 25 years of pension service credit, 10 years of which must have been with Hennepin County.

- Is required to serve a probation period.
- Is entitled to the benefits, rights, privileges and obligations under the HR Rules.

- Contracts refer to permanent employee.

NOTE: All persons employed in a regular position by the Minneapolis Library Board who transferred to Hennepin County as a regular employee as a result of the merger between the Hennepin County and Minneapolis Public Library (MPL) systems are eligible to participate in the Early Retiree Health Insurance Program (ERHIP). However, former MPL employees transferred to Hennepin County as a result of the merger shall not receive credit for their years of service at MPL for purposes of determining eligibility for the ERHIP.

## **Costs**

- The county contributes toward your single health insurance coverage as though you are actively working.
- If you continue to cover dependents, you pay the full premium difference between single and dependent insurance coverage.
- Premiums are subject to change, typically at the beginning of each calendar year. You are notified of premium and benefit changes prior to their effective date.
- At the end of the month in which you turn age 65, the county's contribution toward your insurance ceases. At this point, you are ineligible for coverage.
