The county contracted with Bolton & Menk, Inc. through Agreement PR00002153 for design and engineering services at county cost not to exceed \$1.1 million (Resolution 21-0424) and then amended the work authorization to increase the contract to \$1.45 million for additional engineering services (Resolution 23-0142). Amendment 2 will allow for completion of the final design services, increasing the contract to \$1.65 million. In addition, Bolton & Menk was selected from four firms that submitted proposals for construction administration, inspection, and surveying services. The firm is committed to meet the small and minority business project goal of 13%.
