

County roads 19 and 117 intersection improvement project

Building a safer intersection for all

Hennepin County, in coordination with the cities of Corcoran and Hanover, plans to reconstruct the intersection of County roads 19 and 117 to improve safety for all users.

Throughout the project, the design team will be taking what they hear from you, along with technical needs and agency policies, to make improvements for today – and for future growth.

Project timeline

Summer 2025

We'll gather input from the community about the intersection.

Fall 2026

We'll share a final design and more information about what to expect with construction.

Fall 2025

We'll share a more detailed design and listen to the community.

Spring 2027

We will begin construction to make intersection improvements.

Visit us online

We'd like to hear about your experiences at this intersection. You can also view the draft concept for the intersection and share your feedback.
